2 I am forwarding herewith for the information of Government copies of the correspondence between the then Municipal Commissioner and myself prior to the submission of his proposals made in letter No Al 27-360/37-38 dated 24-9-1937/11-10-1937 and of those subsequent to the receipt of this U O file in my office

As already communicated in my letter No 446/L S of the 27th September 1937 to the then Municipal Commissioner I consider that consistently with the importance of the loan work and the responsibilities attached thereto an accountant's post in grade 60-10/2-100 is necessary

---

As suggested by you in your D O letter No 161/ES dated 4-8-1937 regarding the arrangement for loan work in this Office, I have obtained the approval of the Council to the continuance of Mr Lakshminarasimhiah for three months, and for an extra hand on R 50-2-60 for being permanently placed in charge of the work after being trained under him I feel however that this arrangement will not be very satisfactory I think it would be best if a trained official could be lent for the purpose Please favour me with your views on this matter If you agree with this view, please let me have the name of the official who in your judgment, is best suited for this purpose I shall be grateful for an immediate reply

---

I have your D O No A 1-27-360/36-37 of the 25th instant in regard to the desirability of having the services of a trained official of my office, in the Municipality in connection with the loan work

2 I have very carefully considered the question As the loan has been guaranteed by Government and the work connected therewith is of a responsible nature, it is in my considered opinion necessary that a trained and qualified official of my office be placed in charge of the work I therefore recommend that the post of an Accountant in grade 60-10/2-100 may be created in the Municipality for the purpose it being understood that the post will always be occupied by a trained official from my office and on a tenure basis ~~ex~~ for 3 years in rotation

3 I would suggest Mr V Narayana Sastri M A , be selected at present for this post He has passed the S A S Examination of my office and is a competent and efficient

hand

4 Since he is already getting Rs 65/- plus S A S examination allowance of Rs 5/- which will continue till he gets a superintendent's post, I recommend that he may be started in the Municipality on a salary of Rs 70 in grade 60-10/2-100 plus the S A S Examination allowance of Rs 5/-

5 Sanction of Government may kindly be obtained to the above proposal at an early date

6 On hearing from you, I will make suitable arrangements to depute the official to the Municipality

Chief Secretary to the Government of
His Highness the Maharaja of Mysore
L S G Department, Bangalore

SIR

With reference to your letter No L 2648/M 105-36-16 dated 10th September 1937 enquiring what work was done by Mr D Lakshminarasimhiah, Loan Superintendent, from 8-6-37 to 8-8-37 in connection with the 3½ % loan, when the whole loan was taken up by the Bank of Mysore Ltd , in April 1937 (as stated in the loan report), I have the honour to state that the purchase of the whole loan by a single Agency viz , the Bank of Mysore, did not materially reduce the loan work The only saving of work was the invitation of applications from the public, but all other necessary items of work such as the printing and issue of debentures, maintenance of the required loan registers and the connected correspondence etc , had to be attended to

2 The time given to Mr D Lakshminarasimhaiah for the loan work was 3 months, including Sundays and other Gazetted holidays which numbered 21, and this period expired on 7-6-1937 It was not possible for him to complete the loan work by this time, as the sample forms of the debenture and the stock certificate were received in this office on the 27th March 1937, duly approved by Government, and subsequently sent to the Government Press for being printed Owing to very heavy work at the Press at the time, in connection with the printing of the University question papers, the printing of the debenture forms and the required loan registers and other forms took up nearly a [illegible] in spite of the prompt arrangements

made by the Press Superintendent for the early printing of the bond registers etc , As soon as they were received in this office issue of debentures to the Mysore Bank Ltd commenced Since the Bank wanted 2428 debenture forms for the sum of Rs. 20/- lakhs, the work that had to be done in this connection became very heavy

3 The debentures were sent in batches of 100,200, & 300 and so on, as they were got ready from time to time Much time was also taken up in getting the signatures of the Municipal Councillors to the debentures, as some of them hesitated to sign them and others did so only after sufficient tuft on and persuation The following work remained over to be completed by Mr D Lakshminarasimhiah on 8-6-1937

1) Issue of debentures (Smaller denominations of Rs 100/- etc) to the Bank of Mysore Ltd , to the extent of Rs 2 10 Lakhs
2) Posting of the connected issue Registers
3) Posting of the Interest Audit Registersunder all denominations
4) Posting of enfacement Registers under all denominations
5) Issuing Advices of enfacement to the Bank
6) Closing of the loan registers and accounts and agreeing the figures connected with the issue of debentures, with the credits in the Bank Accounts
7) Counting and certifying as to their correctness, the unissued number of debentures under all denominations
8) Drafting and submitting the final loan report to Government with the connected statements

4 As the loan work (original issue) is a very important work requiring very great care and attention, and the number of debentures required by the Bank was very large, it was necessary for Mr D Lakshminarasimhiah to work for an additional period of 2 months for the completion of the work, some times working in the mornings also. Single as he worked, every bit of work connected with the loan, including correspondence and despatch of bonds etc , had to be done by him, All the above mentioned items of work were, however, completed by end of July 1937 and the Council's approval for the continuance of his services till 8-8-1937 was obtained on 31-7-1937 Some routine work viz , the opening of stock Interest Audit and valuable registers etc was also done by him till 8-8-1937 In these circumstances, I request

I r quest xxx that formal sa ction of Covernment, for having continued his services till 8-8-1937, o his present pay of Rs 100/- per a sem may be finally obt ined and communicated to this office early

I have the honor to state that the original issue work relating to the 3½ Percent loan of 1952-57 of this Municipality was completed by the 8th August 1937 and the final loan report was also submitted to Government with ~~Its~~ No A_1 27-360/37-38 dated the 23rd August 1937

2 After the close of the original issue work, the current work relating to the 3½ percent loan, as described in the ~~various~~ various chapters of the Mysore Government Securities Manual, has to be done by an official who has got experience of loan work Consequently, the Comptroller was requested in this Office D O letter No A_1.27-360/37-38 dated the 3rd August 1937 to spare the services of an experienced hand to look after the current loan work in this office, but that officier has replied that the services of an experienced hand cannot be spared at present, owing to the paucity of trained men in his office and also suggested that the services of Mr D Lakshminarasimhiah may be continued for a period of 3 months to do the current work and to train up an office-hand in loan work, during this period (Vide) copy of his D O letter No 161/E S dated 4th August 1937, herewith sent for the information of Government

3, The Municipal Council before whom the subject was placed for approval on 11-9-1937, has approved of the suggestion of the

I have your D O No A 1-27-360/36-37 of the 3rd August 1937

2 I am glad to learn that the original work connected with the issue of 3½ percent Bangalore City Municipal Debenture is completed

3 Owing to paucity of men trained in Loan work, it may not be convenient to spare at this juncture a trained hand from my office would therefore suggest you continuing the services of Mr D Lakshm Narasimhayya for a period of 3 months and getting one of your clerks trained under him during the period

4 If, however, you consider that a junior trained hand is - absolutely necessary, the question of posting a suitable hand will be considered a little later ie , say by about the middle of October 1937

On 11 th September 1937 the Council was approved the appointment of a clerk on 50-2-60 and on 20th September 1937 Mr. Subramania, ex-Municipal Commissioner has written a D O letter to the Comptroller to send a trained clerk from the Comptroller's office for this place the Comptroller has written in reply that there are Mudaliar and Sastri s available and he is in the grade of 60-10/2-100 and he is drawing there of Rs. plus Rs. and suggests that he may be appointed on 70 plus Rs. in the above grade as it is clear that no post against the Council resolution referred to above of date 11 Dec. 1937 so this will have to go before the Council for consideration In this connection I would like to know whether it is not desirable and possible to train one in the account's section or one of us so the necessary qualification i e , one who has passed a Coun Board book-keeping examinations so doing we can save extra expenditure

I consulted Mr. Balasubramaniam and he is of opinion that we could train one selected from our office in one or two month's time

In case we appoint a man he to the Comptroller's office we will have to pay him not only his pay but also contribution for old leave allowances and pension, which according to Mysore service regulations of his pay

Having regard to the present financial condition of the Municipality we should try to effect economy in all possible ways

Yours faithfully,
